### Raffles

Paige Huff and Elizabeth Dellinger drew the winning raffle tickets, and luck must have been on Ajax's side. Rickey Helsel, Area 2 Foreman won the 50/50 cash drawing (\$270), Chris Foster, Construction Manager, won the 19" widescreen LCD TV (which he said his daughter is enjoying), Paul McCabe, Quality Control Field Technician, won the DVD player, Lori Strauss, Lee Strauss' wife, won a putter. Since we are mentioning Lee Strauss, in our last Ajax news publication Mike Horan stated that our zero accident program must continue to always be on our minds as we work in a very dangerous environment, but did you ever think golf could be a little dangerous? Ask Lee Strauss who was sitting in a golf cart at the 14<sup>th</sup> hole monitoring a possible hole-in-one winner featuring the Boston Whaler donated by Marine Max. Unexpectedly, a golf ball flew near the windshield, passed through the steering wheel and pounded on Lee's thigh leaving a significant bruise. We never did find out who hit that "exceptional" shot.

Additional winners on the raffles were Justin Garner, Strayer Survey, Inc., won the Sunset Cruise for eight donated by MarineMax. Mike Mills, C.W. Roberts Contracting, Inc. won the golf bag and clubs, John Maul, Road Runner Highway Signs, Inc. won the DVD player & driver (squarehead – 12 degree), Rich Butch won golf for four at Bobcat Trail Golf Club and an MP3/MP4 Digital Player donated by Florida Bearings and Tim Ferris won two Tampa Bay Rays tickets donated by Road Runner Highway Signs, Inc.
